**Marketing Summary 2015-2017**

Greetings from the INDEN Marketing Team! We formed in the fall of 2015 by the request of the INDEN Board to increase the visibility of INDEN. In the last year and a half, we focused on building the foundation for future marketing endeavors by creating a new INDEN website owned by INDEN, modernizing our INDEN logo, and developing our Twitter presence. We summarize these endeavors below and conclude with next steps we hope you will become involved with.

**INDEN Website: [indenglobal.org](http://indenglobal.org)**

Historically, INDEN did not have its own website. Rather, our website was embedded within a University's website. By creating our own website separate from other entities, we have increased the independence of our organization and have more control over our website content/structure. We now have a member's only section which is accessible with a password. If you are a current INDEN member, you should have received this password, if not please contact [inden@jhu.edu](mailto:inden@jhu.edu). In the member's only section we have included a membership directory with contact information for each member. Please visit our new site: [indenglobal.org](http://indenglobal.org).

**INDEN logo**

We hired a logo design company to modernize our previous INDEN logo. Specifically, we wanted to ensure the symbols (globe, book, and candle) on the previous logo was more clearly defined and easily discernable. Members had commented on not being able to distinguish these symbols previously, and we hope the new logo is clear and more modern. Our new logo will be unveiled at this conference.

**Twitter account: @INDENGlobal**

Mr. Jordon Bosse has led our Twitter account efforts and we have increased our following from 0 to 76 followers this past year. Please visit our website and twitter account for frequent INDEN updates. During this conference please tweet and include our twitter handle: @INDENGlobal

**Future directions**

For 2017-2019 we would like to enhance our member's only area of our website. Initial brainstorming of the team included creating webinars on doctoral nursing education topics such as PhD curriculum development, finding a job as a new PhD graduate, and mentoring PhD students. We would like to offer unique benefits to our members and increase member involvement. If you have any suggestions please contact Dr. Jiayun Xu at [jixcerulean@gmail.com](mailto:jixcerulean@gmail.com).

Our work would not be possible without the dedicated efforts of our Marketing team, listed below:

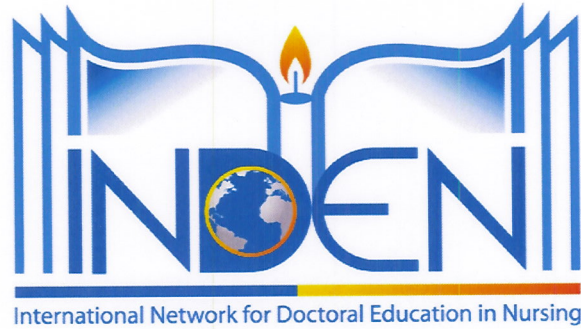

Dr. Jiayun Xu – Committee Chair  
Dr. Martha Abshire  
Mr. Jordon Bosse – Twitter Champion  
Dr. Bernadette Curry  
Mr. Jeremy Lapham  
Dr. Vidar Melby  
Ms. Tamar Rodney

Thank you for being an INDEN member and we look forward to working with you in the future!
